

INPOST ACQUIRES YODEL, ACHIEVES 8% MARKET SHARE IN THE UK

By combining the largest out-of-home (OOH) delivery network with Yodel's strong home delivery capabilities, InPost will significantly scale its operations, expand its service offering, and provide greater convenience to both retailers and consumers. [Read more >>>](#)

EVRI LAUNCHES ROBOTIC DELIVERY DOGS IN THE UK

The delivery robots will be trialed alongside Evri's traditional couriers during the summer. Each four-legged robot dog can enter and exit the courier's van and deliver parcels to homes, helping reduce the courier's workload. [Read more >>>](#)

ROYAL MAIL TO INSTALL LOCKERS AT SAINSBURY'S STORES

British supermarket chain Sainsbury's and Royal Mail have announced a partnership to roll out the postal operator's lockers at Sainsbury's locations across the UK. Currently available at six Sainsbury's stores, with more planned in the coming months, the lockers offer a convenient way for customers to send and receive e-commerce parcels.

DHL EXPRESS INTRODUCES LABEL-FREE RETURNS FOR E-COMMERCE

Thanks to DHL Express's new service, customers can now return e-commerce items without the need for a printed shipping label. The label-free service not only adds convenience for customers but also supports a more eco-friendly, digitally optimized process. Customers will receive a QR code, which can be presented at a DHL ServicePoint with QR scanning or shown to a DHL courier for pickup. [Read more >>>](#)

INPOST AND VINTED FORM PAN-EUROPEAN PARTNERSHIP

By the end of 2027, InPost will deliver Vinted parcels—via its Mondial Relay unit as well—across the UK, Poland, France, Belgium, the Netherlands, Italy, Portugal, and Spain. Sellers of second-hand items on the Vinted platform will benefit from a fast, cost-effective, and eco-friendly delivery option through InPost's extensive network of over 82,000 lockers and pick-up points. DPD UK EXPANDS DELIVERY NETWORK WITH 8,000 NEW LOCKERS

DPD UK's out-of-home (OOH) delivery network will grow by 8,000 new lockers over the next five years through a partnership with locker provider Yeep. The new battery-powered lockers will enhance DPD's existing network of 12,000 OOH locations across the UK. [Read more >>>](#)

GLOBAL CEP MARKET EXPECTED TO REACH USD 595 BILLION BY 2031

According to a new report by The Insight Partners, the global Courier, Express, and Parcel (CEP) market is showing healthy growth and is projected to reach USD 595.32 billion by 2031, with an expected CAGR of 8.5%. [Read more >>>](#)

POSTNL INVESTS €10 MILLION TO ROLL OUT 500 NEW LOCKERS

PostNL will add 500 new lockers to its out-of-home delivery network this year, giving customers more control over when and where to collect their parcels. With more than 6,700 pick-up points across the country—including 1,100 lockers—PostNL says nearly everyone in the Netherlands now has a service point within 1 km of their home. [Read more >>>](#)

CEVA LOGISTICS EXPANDS IN TURKEY WITH ACQUISITION OF BORUSAN TEDARIK

CEVA Logistics has announced it will acquire 100% of Borusan Supply Chain Solutions and Technology Inc., one of Turkey's leading logistics solution providers, for USD 440 million. With over 50 years of experience, Borusan Tedarik offers logistics solutions including contract logistics, full truckload (FTL) and less-than-truckload (LTL) road transport, as well as air and sea freight and customs services.
